WD100

Wearable Android Mobile Computer

Workplace operations now have a powerful companion with the Unitech WD100. This feature-rich, mobile computer runs on the trusted Android 7.1 operating system. It features a rugged 4" color display that combines enterprise-class features with powerful data collection capabilities.

The comfortable arm band makes screen reading easy and the programmable hard keys simplify work processes.

The WD100 gives you convenient connectivity when combined with Unitech's MS652+ Bluetooth ring scanner, giving you hands-free access to focus on other tasks.

Main Features:

- 4-inch color display
- Android 7.1 operating system
- 1.2GHz Quad-Core processor
- 8MP camera with flash, auto-focus, video, barcode reading
- Magnetic 9-pin pogo connector
- Syncs with MS652+ ring scanner for optimized data collection
- Dual band WiFi, Bluetooth, micro SD/micro SIM slots
- IP65 rated

WARRANTY COVERAGE

As your global technology partner, Unitech is committed to your success and satisfaction throughout the lifetime of the project.

While we take pride in delivering quality products, we understand that inclusive coverage is a key component to a total solution.

COMPREHENSIVE COVERAGE

Unitech provides bumper-to-bumper coverage for your mobile devices. Unitech products are designed for rugged use; however, constant wear and tear will result in maintenance and repair.

Abuse or occasional mishaps are to be expected. The Unitech protection program covers device defects, failures, and batteries, as well as accidental damage to the scanner's outer housing and internal components. The only thing not covered is damage sustained from fire or water submersion.

Our comprehensive coverage provides a worry-free service solution while helping you manage costs and minimize total cost of ownership. Eliminate the incidental out-of-warranty repairs that negatively impact operating budgets, and enjoy complete coverage at a fixed cost.

EXPEDITED REPAIR

Unitech Protection Plus offers 48-hour in depot turnaround to minimize downtime and keep critical systems up and running.

Should a problem arise with any supported hardware, Unitech will repair or replace the device within the committed window on your service level agreement, and provide free return shipping via FedEx 2-Day or 5-Day delivery to anywhere in North America.

Unitech also provides a complete diagnostic on all serviced devices. We don't simply address necessary repairs, we conduct a total device check-up: all equipment is thoroughly cleaned, worn components are replaced and the unit is restored to factory standards.

Coverage	Standard Warranty	Comprehensive Warranty
Manufacturer defects	•	•
Covers normal wear and use		•
Covers accidental breakage		•
Includes all materials, parts, and labor	•	•
Multi-year discount		•
48 hour repair turnaround (Free 2-Day Return Shipping)		•
