

IntelliFocus™

Instant, intelligent barcode capture, near and far

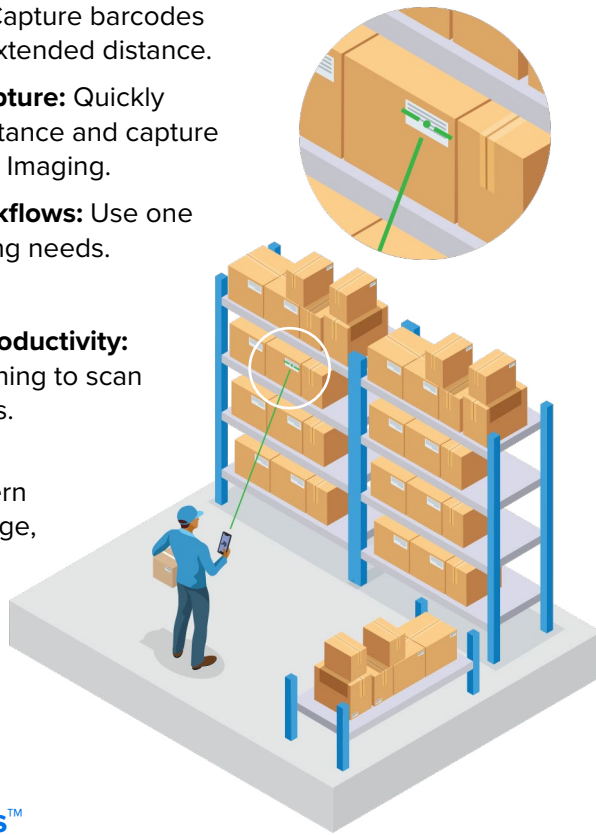

Equip workers with intelligent mobile computers and handheld scanners that streamline workflows.

User Benefits

- **Broaden your reach:** Capture barcodes in your hand or at an extended distance.
- **Fast, efficient data capture:** Quickly determine barcode distance and capture it with PRZM Intelligent Imaging.
- **Adapt to multiple workflows:** Use one device for your scanning needs.

User Pain Points

- **Improve safety and productivity:** Less climbing or crouching to scan hard-to-reach barcodes.
- **Improve accuracy:** See the targeting pattern across the working range, indoors and out.
- **Improve results:** Capture damaged, shrink-wrapped and hard-to-read barcodes.

Intelligent

IntelliFocus™ technology easily captures 1D and 2D barcodes in a variety of conditions over a wide working range, in the hand or across the room.

Versatile

Longer working range minimizes bending/squatting and the need for ladders when barcodes are beyond the reach of traditional standard scanning ranges.

Easy to Use

The green laser aimer with its wide targeting pattern is highly visible in a variety of environments and lighting conditions, enabling fast, accurate scanning.*

* Green laser aimer available in the Zebra TC52ax Mobile Computer and Zebra SE55 Scan Engine.

IntelliFocus™ Device Portfolio

TC52ax
Mobile Computer
(SE55 Scan Engine)

DS3600-ER
Ultra-Rugged Scanner
(SE4850 Scan Engine)

MC9300
Mobile Computer
(SE4850 Scan Engine)

MC3390xR
Integrated Handheld RFID Reader
(SE4850 Scan Engine)

TC8300
Mobile Computer
(SE4850 Scan Engine)

MC3300ax
Mobile Computer
(SE4850 Scan Engine)
